

CONTRACTOR BAG

PRODUCT DESCRIPTION

- Shish contractor bags are Heavy Duty Extra Trash Bags, offers industrial-strength dependability and is capable of holding heavy loads of sharp trash, books & construction debris. These huge garbage bags accomplish the job without making a fuss or busting a seam, whether you're cleaning your house or managing commercial waste on the construction site.
- These robust trash bags have a 3-mil thick plastic construction that provides reliable rip and puncture resistance. These plastic trash bags won't split when filled with drywall, glass, wood splinters, or recently trimmed tree limbs. The extra-long twist-tie closures make it simple to secure your heavy load when carrying your plastic garbage bags to the curb or landfill. These 42 gallon garbage bags can carry a few 13 gallon bags inside of them for convenient carrying, and the black colour covers unsightly trash.

FEATURES & BENEFITS

Uncompromising tear and puncture resistance.

Black bag conceals waste inside.
